6 P.M. JANUARY 11, 2022

Register in advance for this webinar:

https://zoom.us/webinar/register/WN_UKwDE3RpSRqPgFYDg9AVHg

After registering, you will receive a confirmation email containing information about joining the webinar.

<u>Introductions/Announcements</u> (6:00-6:10)	6:00
<u>Public Comment</u> (6:10-6:20)	6:10
<u>Vibrant and Inclusive Community Space. (40 minutes)</u>	6:20
PBOT planner Nick Falbo will present on an extension of PBOT's successful roll out during the pandemic of its public street plaza program . Named "Vibrant and Inclusive Community Space" program, this effort will be funded with a \$2.5 million grant from the Federal American Rescue Plan funds. With planning in early stages Nick will present some lessons learned from the plaza program and discuss with the committee directions in which more permanent installations can take form.	
<u>Feedback on Left-Turn Calming (20 minutes)</u>	7:00
Beginning as a pilot program in 2019, PBOT installed left-turn calming features on some of our roadways. Left-turn calming makes use of rubber speed bumps to "harden" centerlines. By forcing more deliberate turning movements the treatment results in slower turning speeds and thus safer conditions. Seeing positive results PBOT expanded the program in 2020 and 2021. Some people have expressed concerns that this treatment creates potential conflicts with people riding bikes. There has been at least one reported bicycle crash. Matt Kelley with PBOT has been managing this program and is seeking committee feedback on this treatment.	
<u>Reflecting on 2021 and Planning for 2022 (40 minutes)</u>	7:20
A year ago, the BAC held a virtual retreat to identify areas of focus and priorities. This is a chance to reflect on that exercise, discuss highlights and lowlights of 2021, and how to adjust in 2022.	
<u>Adjourn (8:00)</u>	8:00

Good bicycle parking is available on both the 4th and 5th Avenue sides of City Hall. For Committee members who must drive, validated auto parking for any Smart Park garage is available. Reimbursement for traveling via Tri-Met is also available. Persons requiring a sign language interpreter should contact the Office of Transportation at 823-6868 between 8:00 a.m. and 5:00 p.m. at least two weekdays before the meeting so we can make arrangements.

If you have questions or need more information, please call Roger Geller at 823-7671.
